

Anti-HIS

Catalogue #: IT005P

Storage: 4—8°C

Size: 50μg

Description:

Anti-HIS antibody

- rabbit polyclonal IgG, 200 μg/ml
- epitope mapping to the polyhistidine domains of pET and Xpress polyhistidine expression vectors
- recommended for detection of fusion proteins encoded by prokaryotic pET, pRSET A, B, C and pTrc His A, B, C; baculovirus pBlue Bac His A, B, C and mammalian pEBV His A, B, C expression vectors by WB and IP
